## SERVE AMERICA'S BEST SPRING WATER

Source, minerality, pH balance, authenticity, sustainability and history. These terms define a philosophy and nutritional balance in quality food and beverages; including the water you serve.

At The Mountain Valley, we pride ourselves on truth, integrity, and pure American spring water. Rising naturally from a spring in the Ouachita mountains, our spring water filters through granite-based aquifers collecting all the goodness from the land. The result is water that is sodium-free with a naturally high, detoxifying 7.8 pH and rich blend of calcium and potassium. Bottled in glass to preserve the quality and taste.

We have been America's choice of premium spring water since 1871 and named "Best Tasting Water in the World" four times.

Serve the pure, domestic, unprocessed bottled water that shares your ethos and commitment to quality.

# CHIPPING IN & GIVING BACK™ COMMUNITY SNACKS

## WHAT IF WE ALL CHIPPED IN?

Every time you sell a bag of Community Snacks you are helping us make a difference. Community Snacks donates 10% of our profits to make a difference in our communities. The conscious consumer trend is here to stay. Consumers have a conscience and they want to make responsible purchases. Giving back has a two-fold effect of both increasing your sales figures, while also elevating a cause that your consumers find meaningful.

10% OF PROFITS DONATED TO  
**MAKE A DIFFERENCE**

**87%** 87% of consumers will purchase a product because a company advocated for an issue they cared about.

**91%** Millennials are up to 91% more likely to switch brands for a cause close to their heart

**66%** 66% would switch from a product they typically buy, to a new product from a purpose-driven company.
